

The Win New leader coaches should do to and for the new leader what the new leader should do to and for his or her group members.

Objective The coach will provide spiritual and practical support and encouragement before and during the semester through building a relationship and consistent communication. The goal is to help the leader grow as a disciple of Jesus and grow in spiritual leadership.

 - b. Is there a question or concern?
 - c. How can I pray for you? (not just your group, but them personally)

3. Connect face to face with leader every other week to ask the 3 questions above.

4. Toward the end of the semester meet with the new leader and discuss:
 - a. Where did you see God at work through you?
 - b. How did God work in your own life through leading this group?
 - c. What do you feel like you did well?
 - d. If you were to lead again, what would you do differently?
 - e. Pray with new leader.
